## 2024 Cost of Living Adjustments

The IRS has released cost of living adjustments for 2024 under various provisions of the Internal Revenue Code (the Code). Some of these adjustments may affect your employee benefit plans.

### CAFETERIA PLANS – HEALTH FLEXIBLE SPENDING ARRANGEMENTS

#### Annual contribution limitation.

For plan years beginning in 2024, the dollar limitation under Code Section 125(i) for voluntary employee salary reductions for contributions to health flexible spending arrangements (health FSAs) increased from \$3,050 to **\$3,200**.

The Affordable Care Act (ACA) amended Code Section 125 to place a \$2,500 limitation on voluntary employee salary reductions for contributions to health FSA, subject to inflation for plan years beginning after December 31, 2013.

#### Annual maximum carryover.

For cafeteria plans that permit the carryover option, the maximum unused amount from a health FSA plan year that begins in 2024 that can be carried over to the following plan year is **\$640** (up from \$610 in 2023).

In May 2020, the IRS issued Notice 2020-33 to increase the carryover limit for unused amounts remaining in a health FSA as of the end of a plan year from a static maximum of \$500 to 20% of the currently indexed health FSA contribution limit for plans that have adopted the carryover option.

### QUALIFIED TRANSPORTATION FRINGE BENEFITS

For calendar year 2024,<sup>1</sup> the monthly exclusion limitation for transportation in a commuter highway vehicle (vanpool) and any transit pass (under Code Section 132(f)(2)(A)) and the monthly exclusion

limitation for qualified parking expenses (under Code Section 132(f)(2)(B)) increased from \$300 to **\$315**.

The Consolidated Appropriations Act of 2016 permanently changed the pre-tax transit and vanpool benefits to be at parity with parking benefits.<sup>2</sup>

Beginning with the 2018 calendar year, employers can no longer deduct qualified transportation fringe benefits; employees may still pay for these benefits on a tax-favored basis.

## HIGHLY COMPENSATED

The compensation threshold for a highly compensated employee or participant (as defined by Code Section 414(q)(1)(B) for purposes of Code Section 125 nondiscrimination testing) increased from \$150,000 to **\$155,000** for 2024.

Under the cafeteria plan rules, the term *highly compensated* means any individual or participant who for the preceding plan year (or the current plan year in the case of the first year of employment) had compensation in excess of the compensation amount as specified in Code Section 414(q)(1)(B). *Prop. Treas. Reg. 1.125-7(a)(9)*.

## KEY EMPLOYEE

The dollar limitation under Code Section 416(i)(1)(A)(i) concerning the definition of a key employee for calendar year 2024 increased from \$215,000 to **\$220,000**.

For purposes of cafeteria plan nondiscrimination testing, a *key employee* is a participant who is a key employee within the meaning of Code Section 416(i)(1) at any time during the preceding plan year. *Prop. Treas. Reg. 1.125-7(a)(10)*.

## NON-GRANDFATHERED PLAN OUT-OF-POCKET COST-SHARING LIMITS

As previously reported,<sup>3</sup> the 2024 maximum annual out-of-pocket limits for all non-grandfathered group health plans are **\$9,450** for self-only coverage and **\$18,900** for family coverage.

These limits generally apply with respect to any essential health benefits (EHBs) offered under the group health plan. Federal guidance established that starting in the 2016 plan year, the self-only annual out-of-pocket limit applies to each individual, regardless of whether the individual is enrolled in other than self-only coverage, including in a family HDHP.

## HEALTH REIMBURSEMENT ARRANGEMENTS

### Qualified Small Employer Health Reimbursement Arrangements

For tax years beginning in 2024, to qualify as a qualified small employer health reimbursement arrangement (QSEHRA) under Code Section 9831(d), the arrangement must provide that the total

Section 54.9831-1(c)(3)(viii), the maximum amount that may be made newly available for the plan year for an excepted benefit HRA is **\$2,100** (increased from \$1,950 in 2023).

### **Annual contribution limitation.**

For calendar year 2024, the limitation on deductions for an individual with **self-only coverage** under a high deductible health plan is **\$4,150**; the limitation on deductions for an individual with **family coverage** under a high deductible health plan is **\$8,300**.

### **High deductible health plan.**

For calendar year 2024, a “high deductible health plan” is defined as a health plan with an **annual deductible that is not less than \$1,600 for self-only coverage or \$3,200 for family coverage**, and the **annual out-of-pocket expenses** (deductibles, co-payments, and other amounts, but not premiums) **do not exceed \$8,050 for self-only coverage or \$16,100 for family coverage**.<sup>5</sup>

**USI Note.** For family HDHP coverage, an individual embedded deductible cannot be less than \$3,200.

*Non-calendar year plans:* In cases where the qualifying high deductible health plan renewal date is after the beginning of the calendar year, any required changes to the annual deductible or out-of-pocket maximum may be implemented as of the next renewal date. See *IRS Notice 2004-50, 2004-33 I.R.B. 196, Q/A-86* (Aug.16, 2004).

### **Catch-up contribution.**

Individuals who are age 55 or older and covered by a qualifying high deductible health plan may make additional catch-up HSA contributions each year until they enroll in Medicare. The additional contribution, as outlined in Code Section 223(b)(3)(B), is **\$1,000** for 2009 and thereafter.
